# Local Food Options in Winnipeg

A resource to help you find local (often organic) foods

## **Local Food Options**

This resource is designed to help you find sources for local (and often organic) foods in Winnipeg. There are many options out there so, while we've made what we think is a comprehensive list, we have not included every possible resource.

We encourage you to seek out further resources such as farmers near you who may sell directly to consumers, and CSAs (Community Supported Agriculture, csamanitoba.org).

We recognize that it can be more costly to prioritize sourcing food locally, and have attempted to include some more affordable sources in recognition that our income levels vary (FruitShare Manitoba, The Good Food Box, and West Broadway Farmer's Market, especially).

### **Why Buy Locally?**

- Local food supports small farmers
- Buying local keeps money in our communities and supports the economy
- Small-scale farmers may use more sustainable practices
- Less shipping distance often means higher-quality produce
- Knowing your farmer means you know how they treat their workers, animals, and land
- If you buy seasonally/in bulk, some items may cost the same or less than at the grocery store!

### **What You Will Find Here**

- A list of Winnipeg farmers' markets
- A list of other local food resources
- Online local food options

# **Other Local Food Resources**

Name	Where to Find It	When and What
Crampton's Market (Mostly local, all organic)	1765 Waverley Street Winnipeg	Monday-Friday 9-8; Saturday and Sunday 9-6. meat, fish, fruit, vegetables, on-site bakery & ice cream, prepared foods, dairy, condiments, honey, & more.
The Fresh Carrot (formerly Organza) (some local, all organic)	2-230 Osborne Street	bakery, deli (meats and premade food items), produce, vegan items, full range of dairy and non-dairy products, dry goods, pet foods, household cleaners, some books/magazines, snacks, and more.
Humboldt's Legacy (some local, all organic)	887 Westminster Avenue (moving to 167 Lilac in late August)	Some local and/or organic food, also carries fair trade type clothing, blankets, household goods, cleaning supplies. Children's toys, as well as beauty supplies.

Name	Where to Find It	When and What
Vic's Fruit Market	A-1038 Pembina Highway also: Schriemers Market Centre	quality produce, much of it organic, and local when possible and in season.
St. Vital Market	1633 St. Mary's Road	A grocery store providing local and non-local options, works with several local vendors, including meat, produce, baked goods, and dry goods/grocery.
Neechi Commons	865 Main Street	Supermarket and restaurant (and arts center). A variety of grocery products including traditional foods such as bannock, wild rice, Manitoba pickerel, and wild blueberries. Also local fruits and vegetables, and aboriginal arts and crafts.

## **Online Local Food Options**

#### Harvest Moon Local Food Initiative:

http://www.localfoodmarketplace.com/harvestmoon/

Mostly organic, all local. Monthly online orders and deliveries to set points within the city. Products include meats, honey, grains, vegetables and fruit, and a couple of non-food items.

Winnipeg FoodShare Co-op: <a href="http://winnipegfoodsharecoop.org/">http://winnipegfoodsharecoop.org/</a>

Organic and/or local. Winnipeg FoodShare Co-op's **Good Food Box** program, is a community buying club. Place an order for a "box" of fresh produce, which is delivered to a local depot (mostly downtown, with some North End) weekly. An *affordable* way to get local healthy food into your diet! Boxes range in size and cost from \$8 to \$20

My Farmer's Market: <a href="http://www.myfarmersmarket.com/en/">http://www.myfarmersmarket.com/en/</a>

Organic and/or local. Weekly free delivery (on purchases over \$50) of local, healthy, affordable food and more. Can include pet-related, home care, and health and beauty products along with produce, bakery, dairy, beverage, and meat categories. Open 24/7/365 (except for bakery). Pay online, or cash on delivery.

Fresh Option Organic Delivery: <a href="http://www.freshoption.ca/">http://www.freshoption.ca/</a>

Focuses on organic over local. Weekly or bi-weekly home delivery. Fresh bin contents reflect current market and are based on seasonal availability, quality, and price. Orders can be modified by making substitutions and adding on non-produce. Boxes range in price from \$35 (small, 1-person) to \$65 (large, more than 2 people).

FruitShare Manitoba: www.Fruitshare.ca

A budget way to get fruit! FruitShare rescues fruit that would otherwise go to waste. Sign up for \$10, and get email notices of 'picks' throughout the city. Landowners post notices as fruit ripens, volunteers arrive and pick the fruit. 1/3 of fruit goes to the landowner, 1/3 is donated, and 1/3 goes to the pickers. Fruit varieties include rhubarb, grapes, strawberries, apples, pears, saskatoons, and more.

Community Supported Agriculture: <a href="http://csamanitoba.org/">http://csamanitoba.org/</a>
A directory of all the Community Supported Agriculture programs in
Manitoba. Community Supported Agriculture is a partnership between
consumers and farmers, with consumers paying a lump sum upfront,
and farmers delivering a weekly or biweekly bin of a fairly broad mix of
food products throughout the harvest season. Most CSAs are run
through the summer, although a few offer autumn and even winter
options. The guaranteed income helps to support and stabilize small
farms, which can be vulnerable to weather shocks; and the weekly box
exposes customers to a variety of locally-grown foods. Note that most
CSAs are suitable for families or small groups of people; the amount of
food is usually too much for 1-2 person households.
